The MAJORITY of humans have detectable, Coronavirus' in their cells (not #19) but "A" Coronavirus. Virus' can't be passed between species and are not airborne.

CDC's July 13, 2020 document

On page 42, in a section titled- "Performance Characteristics:"
"Since no quantified virus isolates of the 2019-nCoV are currently available..."

Means a "CV-19" sample's NEVER been isolated. The CDC, WHO, their UK peer's March 2020 statement was the event was being lowered to a SEASONAL FLU.

Andrew Kaufman MD on Koch's Postulates

<https://www.bitchute.com/video/eOGvhrGTVq6N/>

German journalist Samuel Eckert has offered 1 million dollars for proof (Using Koch's postulates) of the existence of Covid-19. To date, it goes uncollected.

Koch's postulates:

1. The microorganism must be identified in all individuals affected by the disease, but not in healthy individuals.
2. The microorganism can be isolated from the diseased individual and grown in culture.
3. When introduced into a healthy individual, cultured microorganism must cause disease.
4. The microorganism must then be re-isolated from the experimental host, and found to be identical to the original microorganism.

Despite (allegedly) hundreds of millions of cases of "CV-19," no electron microscope photo of the SARS-COV-2 virus exists. From comparative photos, Exosome Sacs are identical to those presented as "CV-19" meaning they've been renamed "Covid-19" They are digitally simulated images and artist's renderings.

"A body's toxic response system regularly makes cellular secretions of Exosomes Sacs to help absorb body toxins from Respiratory insult, Electromagnetic fields (5G, etc.,) Stress, Fear, and Disease, that will increase production.
CV-19" and Exosome sacs are identical inside/outside diameter, same ACE- 2 receptor, containing RNA found in Bronchoalveolar (lung) fluid."

Andrew Kaufman M. D.

THE RT-PCR TEST (Polymerase Chain Reaction)

The RT-PCR test tests cell samples seeking genetic sequences (bits of NON-human DNA) not specifically "Covid-19" and are present in dozens of human genome sequences and about a hundred microbes. The PCR test does not detect Sars-cov-2.
<https://tinyurl.com/5hk7zs68>

The small genetic snippets must be amplified/cycled to become discernible. Amplification over 10x is suggested and 30-35x cycles is viewed unusable, scientifically unjustified. Yet WHO, recommends 45 cycles??
Results will show "some" viral DNA but not amounts to make one ill.

"Positive" results nationwide are found in fruit, sterile water, animals, etc. Tests may pick up dead debris, inactive viral particles posing no patient risk, indicating past colds, but not detecting current or predict future illness, even if contagious.

Most all border-crossings have obligatory PCR-testing
which is invalid (as confirmed by the WHO on January 20, 2021)
in determining whether you are infected with the "Covid" virus.

Chances are, asymptomatic, a positive test just means detection of inactive viral DNA in your body and that you're not contagious and pose no risk.

Before his death, the inventor of the PCR test, Nobel Prize recipient Kary Mullis, repeatedly stressed it should not be used as a diagnostic tool because it's incapable of diagnosing disease.

Therefore, logic says the hundreds of millions of diagnosed cases, sparking mass vaccinations and unconstitutional lock downs, are **based on deception**.

CDC INFORMATION / DEATH HISTORY

Hospitals received CDC "symptoms" of "CV-19" matching the common cold/flu. When examined, those patients with the "symptoms," are designated "having" "Covid-19" in spite of other diagnosis' such as cancer, COPD, Asthma, heart trouble.

Hospitals also receive Government monetary incentive for "CV19" diagnosis.

Ordinary flu or pneumonia - - - - -	\$4,600
Same symptoms called CV19 - - - - -	\$13,000
And "CV19" death on a respirator - -	\$39,000

The **3/24/2020** CDC email on "COVID-19, Alert No. 2 <https://tinyurl.com/rcrmngv> basically directs anyone dying of respiratory illness, call it Covid-19.
Not based on conclusive evidence.

Should they die from another illness/accidents, after 28 days of "testing positive" the death certificate will read they died:

<< **OF/FROM** >> "CV" but not << **WITH** >> "CV" thus increasing the numbers.

(Italian officials said 99% of their deaths had 1-3 previous conditions.)

The CDC is now (9/20/21) listing vaccinated CV-19 deaths as UNvaccinated deaths if they die within 14 days of the vaccine. <https://tinyurl.com/533baxtt>

Estimating the number of COVID vaccine deaths in America

By Jessica Rose, Mathew Crawford (edited for brevity)

Abstract: Analysis of the VAERS database to estimate the number of COVID vaccine deaths. It is likely that over 150,000 Americans have been killed by the current COVID vaccines as of Aug 28,2021.

The point of this paper is not to find the exact number of deaths, but merely the most credible estimate for deaths.

In 1976, they halted the H1N1 vaccine after 500 GBS cases and 32 people died. We are likely at 150,000 deaths and counting and nobody in the mainstream media, medical establishment, or Congress is raising any concerns.

The estimates were validated multiple independent ways with no evidence that these vaccines save more lives than they cost.

Pfizer's own study showed that adverse events consistent with the vaccine were greater than the lives saved by the vaccine to yield a net negative benefit, vaccination mandates are not justifiable and should be opposed by all members of the medical community.

US deaths from respiratory illness: 2019 - 34,000 2018 - 80,000 2017 - 55,000

Consider the following figures- **US Total deaths** by year per CDC:

2009 : 2,437,163	2010 : 2,468,435	2011 : 2,515,458	2012 : 2,543,279	2013 : 2,596,993
2014 : 2,626,418	2015 : 2,712,630	2016 : 2,744,248	2017 : 2,813,503	2018 : 2,839,205
2019 : 2,855,000	2020 : 2,533,214	-- So, averaging about 2,700,000 per year.		

Death rates in nations worldwide have remained about the same, or in some cases, decreased since the WHO's declaration of a pandemic in March 2020.

A majority of reported "CV-19" deaths were of elderly patients moved out of hospitals and transferred into care homes, no longer receiving required treatment for the illnesses for which they were initially hospitalized.

Kids

Times published a graph based on CDC data showing all the things children were more likely to die of than “COVID-19.”

Drowning, vehicle accidents, homicide, cancer, cardiovascular disease, and suffocation are all more likely to kill children under 15 than “COVID-19” (for children ages 5-14, suffocation is a tie).

Meanwhile, suicide is far likelier to claim the life of a child over the age of four than “COVID-19,” according to the CDC.

According to the New England Journal of Medicine:

Miscarriage rates for vaccinations in the 1st trimester the rate goes from 10% to 80%

According to the Salk Institute:

The 1st body reaction to the injections is “Spike” producing begins. TRILLIONS of Spikes migrate leaving little “thorns” on the inside of blood vessels damaging cells flowing through them, and causing blood clots.

In the heart it’s a “heart attack” in the brain it is a “stroke.”

#1 short term cause of death (40%,) is blood clots, most happening within 3 days.

There have been twice as many deaths following COVID-19 vaccinations compared to ALL deaths following ALL FDA-approved vaccines for the PAST 25 YEARS.

Hawaii Attorney Michael Green filed a C class action lawsuit “Covid-19 Vaccine has killed 45,000 people within 72 hours, matching the Salk Institute findings.

“Covid “vaccines” are totally unprecedented. Before 2020 no successful vaccine against a human Coronavirus had ever been developed. Since then we have allegedly made 20 of them in 18 months. . . .

8/20/2021 - An official media reports in Brazil-during a 5- month period, over 32,000 people in Brazil have died following a COVID-19 injection.

<https://tinyurl.com/34cnjh5f>

Researchers at the University of Almeria (**June 2021**) in Spain reported finding the Pfizer “Covid-19” vaccine contains mostly Graphene and no mRNA. Graphene is a single-layer form of graphite, a nano-material consisting of carbon atoms arranged in a particular structure.

Once injected with GBH (Graphene Based Hydrogels) it is impossible to remove it as it binds to the body, unable to reject it as it is not recognized as a foreign substance, allowing it to invade all parts of the body, including crossing the blood-brain barrier.

GBH has seemingly endless uses, making it all the more dangerous because we have absolutely no idea what government/pharmaceutical companies objectives are.

Germ...are symptoms of cellular and genetic disorganization and NOT the specific cause of the cellular and genetic disorganization!...Germ...can only contribute to a state of toxic imbalance but NEVER cause ANY specific sickness or disease! [55]

The vaccine’s intended purpose is to provide immunity from SARS-CoV-2 virus now called the SARS-CoV- 19...pharmaceutical companies have not provided complete FDA disclosure for... major...or minor ingredients...The purpose of this article is to identify those specific major and minor ingredients in the...vaccine.

We...have identified several ingredients or adjuvants that have not been disclosed which are contained in these four SARS-CoV-2 -19 vaccines...anatomical evidence of reduced Graphene Oxide (rGO) particulates...

...“experts” or "medical savants" say CoV-2-19 vaccines are the ONLY way to stop the spread of CoV-19... even when there is NO EVIDENCE of its existence and...of it spreading as determined by... Koch or Rivers postulates![54]

Early autopsy reports revealed...patients were suffering from huge amounts of thick, coagulated blood and dysfunctional blood vessels.

It seems like the spike proteins’ tips were tearing through body tissue instead of repairing them— causing highly uncommon side effects of respiratory diseases. Perhaps it is not the virus wreaking biological havoc but the spike protein itself.

If true, we are in big trouble because spike proteins are exactly what the COVID vaccines are instructing the body to manufacture in great numbers. For SARS-CoV-2. Vaccines produced by Pfizer/ BioNTech/ Moderna instruct our cells to make our own version of the spike protein, which happens shortly following immunization.

Exposure...produces all the symptoms of “Covid,” It’s been reported in nasal swabs, masks and other items. The people were catching “Covid” symptoms from the very masks that they were wearing to protect them. This was then to be amplified with nasal swabs and finally made terminal with the vaccine.

These health events are caused by the bio-accumulation of Titanium dioxide --- known to self-assemble in situ with graphene oxide. The Nano integration of these two...form a matrix which I can only describe as Nano Sandpaper.

There is NO CORONA VIRUS and NEVER HAS BEEN![56]

“If we do a really great job on new vaccinations, health care and reproductive services, we can lower human population by, perhaps 10/15%.” - - Bill Gates

How does the son of a eugenics advocate father, the owner of a computer company, an unelected technocrat, get ANY say in how to run global health policy?

Why isn't this being questioned by anyone? Who is Bill Gates??

The government lied about Thalidomide, Tobacco, Asbestos, Mercury, Opioids, Aluminum/Talc in hygiene products, Lead in paint, Fluoride, Antibiotics, Saturated fats, Raw Milk, Pesticides, GMO's, Natural Medicine, Climate Change, Sweeteners, Soy, LED bulbs and still lying about Processed foods, Anti-depressants, Chemtrails.

BUT they are telling the truth about Covid-19 and vaccines??

MASKS / MASK WEARING

Coronavirus' are roughly 0.1 micrometer (1/1000th the width of a hair.)

*Surgical and cloth masks, bandanas, etc. are NOT prophylactic with viruses.

*Properly fitted N95 masks block down to just **.3 micrometers**.

*A surgical mask blocks breath particle/droplets down to **100 micrometers**, stopping large droplets from any coughing by staff.

In other words the mask holes/pores are **30 times** wider than the virus they're supposed to catch. Think of a Hula Hoop (about 30") and a Ping Pong Ball (about 1")

Masks are toxic.

Most masks and face coverings are made with toxic and carcinogenic chemicals, including fire retardant, fiberglass, lead, phthalates, poly-fluorinated chemicals and formaldehyde which those wearing masks are forced to breathe all day.

(WHO) World Health Organization Western Pacific @WHOWPRO:

***If you do not have any respiratory symptoms, such as fever, cough, or runny nose, you do not need to wear a medical mask.**

***When used alone, masks can give you a false feeling of protection and can be a source of infection when not used correctly.**

2300 years ago, long before Islam, Arabs discovered forcing people to cover their nose/mouths, broke their will and depersonalized them. It made them submissive, thus mandatory face covering on every woman. A symbol of authority submission.

Modern psychology: Without a face we don't exist as independent being. The child looks in the mirror between the ages of 2-3 and discovers an independent being. The mask starts deleting individuality. Symbolic "shame" when covering one's face.

"Neither Bill nor Melinda Gates has a license to practice medicine. Bill does not have a college degree. Melinda's degree is in computer science and economics. Neither has the barest credential in biology or health care. “Shortly, the public will be unable to reason or think for themselves. They'll only be able to parrot information they've been given on the previous night's news. The technetronic era involves the gradual appearance of a more controlled society... dominated by an elite, unrestrained by traditional values.

Soon it will be possible to assert almost continuous surveillance over every citizen and maintain up-to-date...files containing even their most personal information.”

The UN Agenda 21/2030; UN Wildlands Project; The Georgia Guide Stones; The NWO agenda, and others all have a similar agenda: (partial)

To break down the Republic and force a highly reduced population into 24/7 track, trace, and data basing, stacked and packed in 5G SMART cities, with no personal vehicles, no access to the country side and living on a government dole with compliance demands to what ever they want.

A statement made in **1981** by French economist Jacques Attali

“The future will be about finding a way to reduce the population. We start with the old, because as soon as they exceed 60-65 years, people live longer than they produce and that costs society dearly.

Then the weak, then the useless that do not help society because there will always be more of them, and above all, ultimately, the stupid.

Euthanasia will have to be an essential tool in our future societies, in all cases. Of course, we will not be able to execute people or build camps. We get rid of them by making them believe that it is for their own good.

Overpopulation...it is much better when the human machine comes to an abrupt standstill than when it gradually deteriorates.

We will find or cause something - a pandemic - targeting certain people, a real economic crisis or not, a virus affecting the old or the fat, it doesn't matter, the weak will succumb to it, the fearful and stupid will believe in it and seek treatment.”

Questions to ask those who believe this “Pandemic” is real:

- * What are the odds of a “deadly” virus with “flu like” symptoms showing up mid flu season, with no significant mortality rate compared to the past 20 years, and is so severe one has to be forced into being tested to determine if they even have it??
- * If "millions" died in China, where are the millions anywhere else?
- * How can a vaccination be created without the proof of a virus?
- * Why are people forced to wear unhealthy masks that don't work?

Facts to share:

In the USA a documentary called **PLANDEMIC**, which exposes COVID-19 as a criminal operation, is supported by over 27,000 medical doctors!

* Over 500 German doctors in a presser called 'Doctors for Information:
"The Corona panic is a play. It's a scam. A swindle. It's high time we understood that we're in the midst of a global crime."

* 600 Spanish doctors made a similar statement during a presser.

The controller's in their agenda of world control have forced people to seek approval to regain normal lives. They threaten body autonomy and consent, coercing citizens to receive inoculation experiments that replicate bioweapons in their blood, (Graphene/Spike Proteins) while ignoring the blood clots, neurological damage, severe illness, heart inflammation, and death plaguing the vaccinated.
